

Village Banking Mockup Design Pack

Visual direction, screen mockups, and workflow guidance

Design Personality

Quiet financial operations interface: clear, auditable, compact, and built for repeated monthly work.

Typography

Primary app font: Inter. Fallbacks: system-ui, Segoe UI, Helvetica, Arial, sans-serif.

Page titles: 20-24px semibold. Section titles: 14-16px semibold. Tables/forms: 13-14px regular.

UI Rules

Use dense tables for financial records and compact cards for totals.

Every amount should drill into its ledger source.

Use badges for compliance, locked states, approvals, and penalties.

Keep destructive actions behind confirmation dialogs with reason fields.

Avoid decorative hero layouts. This is an operations product.
